

Medical Kit System Overview

Notes:

1. See medical kit document for full explanation.
2. Minimum Module carried by all WEMSI medics at all times.
3. Advanced Module carried only by WEMSI medics with ALS accreditation, at all times.
4. Search Module carried by WEMSI medics when on a search or other operation (i.e., not a rescue) or as an option on some rescues.
5. A Personal Medical Kit is included in the Team Medical Kit
6. Items such as litters considered part of Team Rescue Equipment rather than Team Medical Kit.
7. Team Medical Kit divided into modules so can be distributed among members of team; or, on some operations, only selected modules may be carried into field.
